

# BE POSITIVE

---

**BE POSITIVE** today and everyday

You say what you mean and mean what you say,

**BE POSITIVE** be genuine too

These two go together to make a better you,

**BE POSITIVE** keep thinking for yourself

You'll make the right decision without anybody's help,

**BE POSITIVE** in everything you do

Be good to others, it will return to you

**BE POSITIVE** show others the way

Better to do more work and far less play

**BE POSITIVE** and always be strong

You'll strive to do right with very little wrong

**BE POSITIVE** that's the way to live

Knowing how to love, showing how to give

**BE POSITIVE** this is the way to be

You'll be confident, successful, and bright, you'll see!
